

@prompt Personal 8.0 product sheet

Short descriptions

@prompt Personal 8.0

Easy-to-use translation software designed to provide a quick understanding of foreign text, with fast, comprehensive translation of multilingual documents, web pages and ICQ messages.

@prompt Personal 8.0 is entry-level translation software that provides fast, comprehensive translation of multilingual documents and web pages.

Benefits

- **Get the gist of foreign language texts instantly**
@prompt Personal 8.0 enables quick translation of multilingual documents with a single mouse-click.
- **Real-time translation as you type**
Synchronous translation of Windows Clipboard contents as well as text entered into any Windows application.
- **Smooth translation of web pages while browsing**
Foreign-language websites appear seamlessly in your native language as you browse using Microsoft Internet Explorer[®] or Mozilla Firefox.
- **Create multi-lingual search queries**
@prompt Personal 8.0 automatically translates search queries so you can easily find the information you need on the web, regardless of site language.

Supported languages

@prompt Personal 8.0 translates between the following languages; the figure alongside each language set shows the number of words and phrases supported in the main application. This number can be expanded with topic-oriented dictionaries.

Screenshots

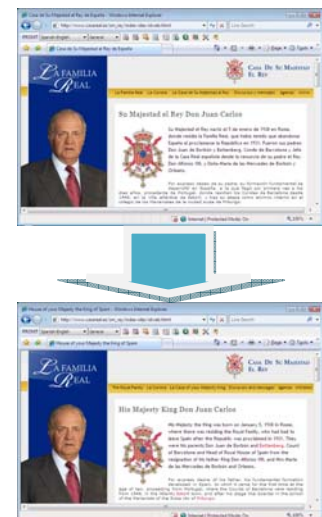

Quick and easy translation:

PROMT Lite Window

@prompt Personal 8.0 accurately translates foreign-language documents with just a single click - or even automatically.

Customizable browsing environment:

A translated webpage

@prompt Personal 8.0 provides a set of special tools that make it easy to extract information from foreign-language web sites without the need to understand the language. Customization functions include:

- Manage the translation process through the toolbar or a shortcut menu right in the browser.
- Attach specialized dictionaries to improve the quality of web-page translation on specific topics.
- Save translation settings for selected web pages so they're automatically translated next time you visit them.

What's new in 8.0

- New and more intuitive Office 2007-style user interface
- New translation engine
- New specialized dictionaries for multiple language pairs
- Support for Mozilla Firefox 1.5/2.0
- Integration with ICQ PRO 2003/ICQ 5

System requirements

- IBM-compatible PC with Pentium 500MHz or faster processor
- 64 Mb RAM
- 340 Mb hard disk space
- SVGA or better video adapter
- CD-ROM drive (for installation)
- Mouse or other pointing device

Software requirements

- Microsoft Windows 2000/XP/Vista
(Russian language translation support requires Russian operating system software to enable the use of Cyrillic fonts)
- Microsoft .NET Framework 3.0 (included)
